Cultivating a unique signature style built over the last decade and applied over multiple genres and projects, Chris Komus is a multi-talented and eclectic electronic music producer, Live PA act, and DJ from Winnipeg, Canada. As his psychedelic alter-ego, Lo Progression, he creates dark and melodic melancholic driving progressive psytrance (With tracks on Noitekk, Sundance Records and more). As Chris Komus he focuses on symphonic dubstep, dub, and glitch (With releases on Enig'Matik Records, Betamorph Recordings, Monkey Dub Recordings, Intellegenix Records, Lick The Wrap Records, and more), and glitchy esoteric techno and everything in between (with releases on Communique Records and Intellegenix). Regardless of the project his style is always melodic yet gritty, dance-floor centric yet cinematic.

The year 2011 has been a milestone year with a successful tour in Australia (with gigs in NSW, Queensland, and Victoria), as well as Shambhala Music Festival (BC, Canada), Motion Notion Festival (AB, Canada), and Connect (SK, Canada) on the Canadian festival circuit. With upcoming releases on a variety of labels, as well as summer festivals already booked, 2012 is shaping up to be another big year.

He has performed in cities across Canada (including Montreal, Vancouver, Victoria, Edmonton, Regina, and Winnipeg), as well as at Motion Notion 2010 (AB) and Entheos Gathering 2010 (BC) on the 2010 summer festival circuit. He has opened for artists such as Infected Mushroom, Hallucinogen, Vibe Tribe, Beats Antique, Deedrah, Sensient, Excision, Datsik, and Ill.Gates.

Chris Komus is also involved in pushing the psychedelic and dubstep sounds as co-promoter and resident DJ of Winnipeg Psychedelic Productions and BassFace Entertainment, the premier crews in Winnipeg promoting psychedelic trance and bass music.
